NPB Not Plan Benefit

Eligibility – Pediatric Benefits – Children through the age of 18

Out-of-Pocket Maximum means the maximum amount of money that a Pediatric Enrollee must pay for Benefits under this Program during a Calendar Year. If more than one Pediatric Enrollee is covered, the financial obligation for covered services is not more than the multiple child annual Out of-Pocket maximum. Once the amount paid by all Pediatric Enrollee(s) equals the annual Out-of-Pocket Maximum shown above, no further payment will be required by any of the Pediatric Enrollee(s) for the remainder of the Calendar Year for covered services.

Payment for services that are Optional, that are upgraded treatment (such as precious or semi-precious metals and material upgrades) or that are not covered under the Contract will not count toward the Out-of-Pocket Maximum, and payment for such services still applies after the annual Out-of-Pocket Maximum is met.

Record of payment for covered procedures should be kept by the Responsible Party. When the Out-of-Pocket Maximum has been reached; contact the Member Service department at 888-700-1246 for instruction on how to submit. Proof that the Out-of-Pocket Maximum has been reached must be submitted to LIBERTY Dental Plan.
