

Dear Senators Pan and Mitchell,

I am a California Dentist and – and a Los Angeles resident – and I need you to be a champion for GMC plans. I **run/am** part of a Multi-specialty practice with **XX** other dentists. I understand there have been discussions at the State level to cut Sacramento County's GMC Program in the upcoming May Budget Revise and I wish to let the decision makers know that eliminating a program that is, now, quick with referrals, thorough with case management and pays me more than Denti-Cal will be a mistake that will hurt the dentists and patients. In fact, **XX** patients, in my practice, will be negatively impacted because they will lose coverage for specialty services they need. I urge you to do the right thing and protect the patients and the dentists by protecting GMC.

Sincerely,

Signature
