Laura Velazquez Garcia
Liberty Dental Plan
340 Commerce, Suite 100
Irvine, CA 92602

Dear Laura,

We, Learn4Life Assurance Learning Academy, are glad to have this opportunity to show our support of Liberty Dental Plans who have been serving the communities in which our students and their families live for the past five years.

As you know, Learn4Life Assurance Learning has collaborated with the Liberty Dental Plan to help provide countless quality improvement measures including navigation of the dental plans, outreach in the form of classroom presentations, participation in school events including Health & Fitness fairs, advocacy for dental education to the underserved populations we both work with including low-income families, refugees, persons with developmental and intellectual disabilities and pregnant and parenting teens. Our students and their families have benefitted from these services to improve their oral health at all of our San Fernando Valley School sites. Many of who would not have received this information any other way.

We hope that this invaluable service to the underserved population of the San Fernando Valley will be allowed to continue.

Sincerely,

Deanna Schubert
