Re: Letter of Support for LIBERTY Dental Plan

To whom it may concern,

Liberty Dental Plan and the Head Start Birth to Five program at Childcare Resource Center have been in partnership for over three years. Over the course of our collaboration, Liberty Dental Plan has supported Head Start children, families and staff in many ways including:

- Providing oral health education presentations to adults and children;
- Participating in health fairs and other child and family oriented events;
- Being a resource for families in need of access to overall oral health services.

We firmly believe that their services are a great asset to our program and the communities we serve and we fully support their efforts to continue increasing awareness and education for improved oral health practices among underserved population including low-income families of the San Fernando Valley.

Please feel free to call me directly should you have any questions or would like further information,

Sincerely,
Rubie Martinez, MPH, CHES
Health & Nutrition Manager
