- **American Indian/Alaska Native (AI/AN)**: An individual who is a member of a federally recognized American Indian tribe; who resides in an urban center and qualifies as a member of an American Indian tribe, Alaska Native, or is considered an Indian under federal regulations; or is considered by the federal government to be an American Indian for any purpose. - **Emergency Medical Transportation**: Ambulance transportation to the nearest hospital or medical facility for an emergency medical condition.

- **Excluded Benefits**: Services or benefits that are not covered by the dental plan.

- **Expedited (faster) Appeal**: If you think waiting 30 days for an appeal decision will harm your health, you can request your health plan review, within 72 hours, a decision the plan made about reducing, stopping, or restricting your health care services.
- **Fraud:** Intentional trick or dishonest way to gain an unauthorized benefit for yourself or another person.
- **Grievance:** A complaint you can file if you have a problem with your dental plan, provider, care, or services.

- **SoonerSelect:** An organized way for providers to work together to coordinate and manage all your health needs. You can think of it as a central home for your health.

How SoonerSelect Dental Works

The Plan, Our Providers and You

- Many people get their health benefits through programs like SoonerSelect dental, which works like a central home for your health and helps coordinate and manage all your health care needs.
- LIBERTY has a contract with the Oklahoma Health Care Authority to meet the dental care needs of people with Oklahoma Medicaid. In turn, we partner with a group of dental care providers to help us meet your needs. These providers (dentists and dental specialists) make up our provider network. You will find a list in our provider directory. You can visit our website at LIBERTY-Dental-Plan-of-Oklahoma to find the provider directory online. You can also call Member Services at 888-700-1093, TTY 877-855-8039 to get a copy of the provider directory.
- When you join LIBERTY, our providers are here to support you. Most of the time, that person will be your Primary Care Dentist (PCD). The PCD is the dental provider who takes care of and coordinates all your dental needs, including referrals and prior authorizations. If you need to see a dental specialist, your PCD can help arrange it.
- PCD after hours or weekends, call and leave a message with details on where or how you can be reached. Your PCD will get back to you as soon as possible. Even though your PCD is your main source for dental care, in some cases, you can go to certain dentists for some services without checking with your PCD. See page 10 for details.

PART I: First Things You Should Know

How to Choose Your PCD

- Your PCD is a dentist who will care for your dental health, coordinate your needs, and help you get referrals for specialized services if you need them. When you enroll in LIBERTY, you will have an opportunity to pick your own PCD. To pick your PCD, call Member Services at 888-700-1093, TTY 877-855-8039. You can visit us online at LIBERTY-Dental-Plan-of-Oklahoma. If you do not pick a PCD within 30 days of your enrollment, we will pick one for you. (See “How to Change Your PCD” to learn how you can change your PCD.) If we pick a provider for you, we will try to find a provider you have seen before. Any provider we pick for you will be close to your home.

- When deciding on a PCD, you may want to find a PCD who:
  - You have seen before.
  - Understands your oral health needs.
  - Is taking new patients.
  - Can serve you in your language.
  - Is easy to get to.

- Each family member enrolled in LIBERTY can have a different PCD, or you can pick one PCD to take care of the whole family. Call Member Services at 888-700-1093, TTY 877-855-8039 to get help with picking a PCD who is right for you and your family.

- You can find the list of all the dental providers who partner with LIBERTY in our provider directory. You can visit our website at LIBERTY-Dental-Plan-of-Oklahoma to look at the provider directory online. You can also call Member Services at 888-700-1093, TTY 877-855-8039 to get a copy of the provider directory.

- If you are an American Indian/Alaska Native individual, you may pick an Indian Health Care Provider as your PCD, but you don’t have to.

- If your provider leaves LIBERTY, we will tell you within 15 days from when we know about this. If the provider who leaves LIBERTY is your PCD, we will contact you to help you find another PCD.

- LIBERTY will provide continuity of care services if the following terms are met:
  - The services are covered under your dental plan.
  - The services are medically necessary.
  - The services meet our clinical guidelines.
  - You did not have access to a LIBERTY contracted provider.

- LIBERTY will provide continuity of care service for the following when the above terms are met:
  - Services that are not finished by the provider before leaving LIBERTY.
How to Change Your PCD

- When you enroll in LIBERTY, you can pick a PCD from our network, or we can pick one for you. Your ID card will have your name and LIBERTY’s claims information for your provider. If LIBERTY picks a PCD for you, you can change your PCD within the first month and that change will become effective the next business day. After that, or if you pick your own PCD, you can change your PCD any time and the change will be effective.
- You can change your PCD at any time. You do not have to give us a reason for the change. If you’d like to change your PCD, you can do so by calling Member Services at 888-700-1093, TTY 877-855-8039 or by visiting your member portal at LIBERTY-Dental-Plan-of-Oklahoma.

How to Get Regular Dental Care

- Regular dental care means regular checkups to keep your teeth healthy, advice on when you need it, and referrals to dental specialists when needed. It means you and your PCD work together to keep you well or to see that you get the care you need.
- Your PCD is only a phone call away. Be sure to call your PCD if you have a dental question or concern. If you call after hours or on weekends, leave a message with details on where or how you can be reached. Your PCD will call you back as quickly as possible. Remember, your PCD knows you and knows how your dental plan works.
- Your PCD will take care of most of your dental care needs, but you must have an appointment to see your PCD. If ever you cannot keep an appointment, call to let your PCD know.
- **Make your first regular dental care appointment.** As soon as you pick or are assigned a PCD, call to make a first appointment. There are several things you can do to help your PCD get to know you and your dental needs. Your PCD will need to know as much about your dental history as possible. Make a list of your dental background, any problems you have now, and the questions you want to ask your PCD. Be sure to include any medications and supplements you are taking. In most cases, your first visit should be within three months of you joining LIBERTY.
- **If you need care before your first appointment,** call your PCD’s office to explain your concern. Your PCD can give you an earlier appointment. You should keep the first appointment to talk about your dental history and ask questions.
- **If you need care before you pick or are assigned a PCD,** call Member Services at
It is important to LIBERTY that you can visit a dentist within a reasonable amount of time, depending on what the appointment is for. When you call for an appointment, use the appointment guide below to know how long you may have to wait to be seen.

If you are having trouble getting the care you need within the time limits described above, call Member Services at 888-700-1093, TTY 877-855-8039.

**How to Get Specialty Care – Referrals**

- If you need specialized care that your PCD cannot give, your PCD will refer you to a specialist who can. A specialist is trained to practice in a specific area of medicine (such as a periodontist or an oral surgeon). If your PCD refers you to another dentist or specialist, we will pay for your care. Most of these specialists are LIBERTY providers. Talk with your PCD or call Member Services at 888-700-1093, TTY 877-855-8039 to be sure you know how referrals work.
- If you think a specialist does not meet your needs, talk with your PCD. Your PCD can help you if you need to see a different specialist.
- There are some treatments and services your PCD must ask LIBERTY to approve before you can get them. Your PCD will be able to tell you what they are.
- If you have trouble getting a referral you think you need, contact Member Services at 888-700-1093, TTY 877-855-8039.
- If LIBERTY does not have a specialist in our provider network who can give you the care you need, we will refer you to a specialist outside our plan. This is called an out-of-network referral. Your PCD or another network provider must ask LIBERTY for approval before you can get an out-of-network referral.
- Benefits will not be paid for services performed by an out-of-network provider, unless you have written approval from LIBERTY or if it is an emergency situation. You will have to pay for any out-of-network services not pre-approved by LIBERTY.
It is important that you get a referral before seeing a specialist or an out-of-network provider. If you do not, there may be a delay in services and you may be responsible for paying for the services out-of-pocket.

Sometimes we may not approve an out-of-network referral because we have a provider in LIBERTY who can treat you. If you do not agree with our decision, you can appeal our decision. See page 19 to find out how.

Sometimes, we may not approve an out-of-network referral for a specific treatment because you asked for care that is not very different from what you can get from a LIBERTY provider. If you do not agree with our decision, you can appeal our decision. See page 19 to find out how.

LIBERTY’s goal is to get you the right care, at the right time, from the right provider. You may qualify for Care Coordination/Case Management if you have a dental condition that requires extra support, or if you have a long-term medical condition, illness, are pregnant, or homeless.

A Case Manager can help you get the care you need. Your Health Plan Case Manager may work with us to coordinate dental care along with other medical services, community-based organizations and/or the State of Oklahoma. Contact Member Services at 888-700-1093, TTY 877-855-8039 to request a Case Manager to assist you with coordinating your dental care needs. If you have a complex dental condition or a special dental care need, you may be able to pick a specialist to act as your PCD.

Out-of-Network Providers

An in-network provider is a dentist or other provider who is contracted with or employed by LIBERTY to deliver services under the SoonerSelect dental program. An out-of-network provider is a dentist or other provider who is not contracted with or employed by LIBERTY to deliver services under the SoonerSelect dental program. If we do not have a specialist in our provider network who can give you the care you need, we will get you the care you need from a specialist outside our plan or an out-of-network provider. For help and more information about getting services from an out-of-network provider, talk to your primary care dentist (PCD) or call Member Services at 888-700-1093, TTY 877-855-8039. If you are AI/AN, you may receive services from any Indian Health Care Provider (IHCP), even if the IHCP is out of network.

Get These Services from LIBERTY Without a Referral

You do not need a referral to get these services:

- Preventive care.
Services provided by IHCPs to AI/AN members.

**Emergencies**

If you believe you have an emergency, call 911 or go to the nearest emergency room. You do not need approval from any plan or provider before getting emergency care, and you are not required to use our facilities.

If you're not sure, call your PCD at any time, day or night. Tell the person you speak with what is happening. Your PCD's team will:

- Tell you what to do at home;
- Tell you to come to the PCD's office; or
- Tell you to go to the nearest urgent care or emergency room.

If you are out of the area when you have an emergency, go to the nearest emergency room.

**Remember:** Use the emergency room only if you have an emergency. If you have questions, call your PCD or LIBERTY Member Services at 888-700-1093, TTY 877-855-7039.

You are covered for dental emergencies. An emergency is a situation in which your life could be threatened, or you could be hurt permanently if you don’t get care right away. Some examples of an emergency are:

- Uncontrolled bleeding
- Lockjaw
- Trauma

Some examples of non-emergencies are oral exams, preventive services, and cleanings. Non-emergencies may also be a loose crown or filling. These may feel like an emergency, but they are not a reason to go to the emergency room.

**Urgent Care**

You may have a dental condition that is not an emergency but still needs prompt care and attention. This could be something that requires immediate attention to relieve severe pain or risk of infection to avoid the likely onset of an emergency dental condition. Some examples of urgent care are:

- A chipped tooth
- Lost filling, crown or bridge
- Dull toothache
Whether you are at home or away, call your PCD any time, day or night. If you cannot reach your PCD, call Member Services at 888-700-1093, TTY 877-855-8039. Tell the person who answers what is happening. They will tell you what to do.

Care Outside Oklahoma
In some cases, LIBERTY may pay for dental services you get from a provider located along the Oklahoma border or in another state. Your PCD and LIBERTY can give you more information about which providers and services are covered outside of Oklahoma by your dental plan and how you can get them, if needed.

- If you need medically necessary dental emergency care while traveling anywhere within the United States and its territories, LIBERTY will pay for your care.
- LIBERTY covers emergency dental care. A dental emergency can be pain, bleeding, or swelling that can cause harm to you or your teeth if not fixed right away. If you are away from home, you can find a dentist close to you to get emergency care. Dentists who are not contracted with LIBERTY may charge you for emergency care. If you pay for emergency care, we will pay you back.
- Your dental plan will not pay for care received outside of the United States and its territories.

If you have any questions about getting care outside of Oklahoma or the United States, talk with your PCD or call Member Services at 888-700-1093, TTY 877-855-8039.
PART II: Your Benefits

**Early and Periodic Screening, Diagnostic and Treatment (EPSDT)**

Plan members under age 21 can get any treatment or service that is medically necessary to treat, prevent, or improve a health problem. This special set of benefits is called Early and Periodic Screening, Diagnostic and Treatment (EPSDT). Members who need EPSDT benefits:

- Can get EPSDT services through their dental plan.
- Do not have to pay any copays for EPSDT services.
- Can get help with scheduling appointments and arranging for free transportation to and from the appointments.

Some EPSDT services may require a prior authorization. EPSDT includes services that can help treat, prevent or improve a member’s health issue.

If you have questions about EPSDT services, talk with your child’s PCD. You can also find more information on EPSDT services online by visiting our website at [LIBERTY-Dental-Plan-of-Oklahoma](https://LIBERTY-Dental-Plan-of-Oklahoma).

**Services NOT Covered**

You may have to pay for any service that your PCD or LIBERTY does not approve. Or, if before you get a service, you agree to be a private pay or self-pay patient, you will have to pay for the service. This includes:

- Services not covered;
- Unauthorized services; and
- Services provided by providers who are not part of LIBERTY.
If You Get a Bill

In most cases, you do not have to pay for SoonerSelect dental services and should not get a bill from a provider. You may have to pay if you agreed in writing to pay for services not covered by LIBERTY.

If you get a bill for a treatment or service you do not think you should pay for, do not ignore it. Call Member Services at 888-700-1093, TTY 877-855-8039 right away. We can help you understand why you may have gotten a bill. If you are not responsible for payment, LIBERTY will contact the provider and help fix the problem for you.

You have the right to file an appeal if you think you are being asked to pay for something Medicaid or LIBERTY should cover. See the grievance and appeals section on page 19 in this handbook for more information. If you have any questions, call Member Services at 888-700-1093, TTY 877-855-8039.

Transportation Services

- **Emergency:** If you need emergency transportation (an ambulance), call 911.
- **Non-emergency:** For members who are enrolled with a SoonerSelect dental plan, your SoonerSelect dental plan will arrange and pay for your transportation to help you get to and from your dental appointments for Medicaid-covered care. This service is free to you. AI/AN members who choose to remain in SoonerCare Choice for their health plan will have transportation to dental appointments provided by SoonerCare.
PART III: Plan Procedures

Prior Authorization and Actions
LIBERTY will need to approve some treatments and services before you receive them. LIBERTY may also need to approve some treatments or services for you to continue receiving them. This is called prior authorization. For a list of services that require prior authorization, please see the chart in the ‘Services Covered by LIBERTY’s Network’ section of this handbook.

- Typically, your PCD will submit the prior authorization to LIBERTY for you through the provider portal. Prior authorization can also be submitted over the phone at 888-700-1093, TTY 877-855-8039. Asking for pre-approval of a treatment or service is called a prior authorization request.

- There are some services that are covered but you must get pre-authorization before you can get them done. That means LIBERTY has reviewed the services your PCD or dental specialist has requested and agrees that the care is medically necessary (needed). To get approval for these treatments or services your PCD need to:
  - send LIBERTY the request with the needed information to decide if the services are medically necessary. The request will be reviewed by LIBERTY and you, and your PCD will be notified in writing of the decision to approve or deny the services requested.

Prior Authorization Requests for Children Under Age 21
Special rules apply to decisions to approve dental services for children under age 21 receiving Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services. To learn more about EPSDT services, see page 15 or visit our website at LIBERTY-Dental-Plan-of-Oklahoma.

What Happens After We Get Your Prior Authorization Request?
LIBERTY has a review team to be sure you get the services we promise. Qualified dental care professionals are on the review team. Their job is to be sure the treatment or service you asked for is covered by your plan and that it will help with your dental condition. They do this by checking your treatment plan against medically acceptable standards.

After we get your request, we will review it under either a standard or an expedited (faster) process. You or your dentist can ask for an expedited review if a delay will cause serious harm to your health. If your request for an expedited review is denied, we will tell you and your case will be handled under the standard review process. In all cases, we will review your request.
as fast as your dental condition requires us to do so, but no later than described in the next section of this handbook.

We will tell you and your provider in writing if your request is approved or denied. We will also tell you the reason for the decision. We will explain what options you will have for an appeal if you don't agree with our decision. Any decision to deny a prior authorization request or to approve it for an amount that is less than requested is called an adverse benefit determination. These decisions will be made by a dental health care professional. You can request the specific dental standards, called clinical review criteria, used to make the decision for actions related to medical necessity.

Prior Authorization and Timeframes
We will review your request for a prior authorization within the following timeframes:

- **Standard review:** We will decide about your request within 3 days after we receive it.
- **Expedited (faster) review:** We will decide about your request, and you will hear from us within 24 hours.

If more information is needed to make the decision, the review could take up to 14 days longer. If this happens, LIBERTY will send you a written notice along with information about how to file an appeal on the extension.

- In most cases, if you are receiving a service and a new request is made to keep receiving a service, we must tell you at least 10 days before we change the service if we decide to reduce, stop or restrict the service. If we approve a service and you have started to receive that service, we will not reduce, stop or restrict the service during the approval period unless we determine the approval was based on information that was known to be false or wrong.
- If we deny payment for a service, we will send a notice to you and your provider the day the payment is denied. These notices are not bills.

**Appeals**
If you are not satisfied with our decision about your care, you have the right to file an appeal:

- If you are not satisfied with an action we took or what we decided about your prior authorization request (see page 25 about prior authorizations and actions), you can file an appeal. An appeal is a request for us to review the decision. You have 60 days after you get a written notice of adverse benefit determination from us to file an appeal.
- You can do this yourself or, with your written consent, your authorized representative or your provider can call Member Services at 888-700-1093, TTY 877-855-8039 or visit our website at LIBERTY-Dental-Plan-of-Oklahoma.
- The appeal can be made by phone or in writing. You don’t have to use any specific or
legal terms; just clearly state that you are dissatisfied with the decision we made. We can help you complete the appeal form. If needed, additional aids and services will be provided to you free upon request.

- If your appeal review needs to be reviewed more quickly than the standard timeframe because you have an immediate need for dental services, you may file an expedited appeal instead of a standard appeal.
  - **Standard appeals:** If we have all the information we need, we will tell you our decision in writing within 30 days from your appeal.
  - **Expedited (faster) appeals:** If we have all the information we need, we will call you and send you a written notice of our decision within 72 hours from your appeal. We’ll let you know we received your expedited appeal within 24 hours.

- You may file a grievance (see page 23 for more about grievances) if your request for an expedited appeal is denied.
- We will not treat you any differently or act badly toward you because you file an appeal.

- **To file an appeal online**, visit us at: LIBERTY-Dental-Plan-of-Oklahoma.
- **To file an appeal in writing**, write to: Attn: Grievances & Appeals, P.O. Box 26110, Santa Ana, CA 92799.
- **To file an appeal by phone**, call Member Services at 888-700-1093, TTY 877-855-8039.

- Before and during the appeal, you or your representative can see your case file, including dental records and any other documents and records, being used to decide on your case.
- You can ask questions and give any information (including new documents from your providers) that you think will help us approve your request. You may do that in person, in writing, or by phone.
- If you need help with the appeals process, have questions or want to check the status of your appeal, you can call Member Services at 888-700-1093, TTY 877-855-8039.

**More Information for Appeals**

If we need more information to make either a standard or an expedited decision about your appeal, we will:

- Write you and tell you what information is needed. For expedited appeals, we will call you right away and send a written notice later.
- Explain why the delay is in your best interest.
- Decide no later than 14 days from the day we asked for more information.
- If you need more time to get your documents and information, just ask. You, your provider, or someone you trust may ask us to delay your case until you are ready. We want to make the decision that best supports your health. You can ask for more time.
by calling Member Services at 888-700-1093, TTY 877-855-8039 or writing to Attn:
Grievances & Appeals, P.O. Box 26110, Santa Ana, CA 92799.

Your Care While You Wait for a Decision
- When the dental plan’s decision reduces or stops a service you are already receiving, you can ask to continue the services your provider had already ordered while we are deciding on your appeal. You can also ask an authorized representative to make that request for you. Providers are not allowed to ask for your services to continue for you.
- While you are waiting for us to decide on your appeal, if you want to continue services you were already receiving, be sure to ask us to continue those services within 10 days after we mail the adverse benefit determination or before the effective date of our adverse benefit determination, whichever is later. Under most circumstances, that will be enough to continue the services you were receiving. Some services you were already receiving must be continued even if you don’t ask us to continue them.
- If we continue the services you were already receiving, we will pay for those services if your appeal is decided in your favor. Your appeal might not change the decision the dental plan made about your services.
- If you are unhappy with the result of your appeal, you can ask for a state fair hearing (see next section in this handbook).

State Fair Hearings
After you receive a notice of adverse resolution to your appeal, you can ask for a state fair hearing if you still don’t agree with the decision we made that reduced, stopped or restricted your services. A state fair hearing is your opportunity to give more information and ask questions about the decision in front of an administrative law judge. The judge in your state fair hearing is not a part of your dental plan in any way.

If you want to continue benefits while you wait for the administrative law judge’s decision about your state fair hearing, you must request a state fair hearing and continuation of benefits within 10 days after we send you the notice of adverse resolution on your appeal.
If you need help with understanding the state fair hearing process, you can call Member Services at 888-700-1093, TTY 877-855-8039. You don’t have to use any special legal or formal language to ask for a state fair hearing.

Your Care While You Wait for a Decision
If you asked for and received continued services during your appeal, we must continue providing those services until you do one of the following:
- You withdraw your appeal or your request for a state fair hearing;
- You don’t ask for a state fair hearing and continuation of benefits within 10 days after we send you notice of an adverse resolution to your appeal; or
• A state fair hearing officer or administrative law judge issues a hearing decision that disagrees with you.

You can also ask a trusted representative to make that request for you. If you ask your dental plan to continue services you already receive during your state fair hearing case, the dental plan will pay for those services if your case is decided in your favor. Your state fair hearing might not change the decision the dental plan made about your services. When your state fair hearing case doesn’t change the decision, you may be required to pay for the services you received while waiting for a decision.

Requesting a State Fair Hearing
You don’t have to use any special legal or formal language to request a state fair hearing. You must first file an appeal with LIBERTY and receive our decision before asking for a state fair hearing. If we don’t decide your appeal within 30 days of your appeal request, you can also ask for a state fair hearing.

• You don’t need an attorney for your state fair hearing, but you may use one.
  o You may represent yourself or allow someone else to represent you.
  o If you let someone else represent you, they will have to show proof in writing that you asked for their help.
• Without this written proof, your appeal will be rejected.
• You can ask for a state fair hearing at any time within 120 days from the day we send you notice of adverse resolution.
• You can use one of the following ways to request a fair hearing: insert appropriate contact information below]
  o By phone – 888-700-1093, TTY 877-855-8039
  o By fax – 833-250-1814
  o By internet – visit us online at LIBERTY-Dental-Plan-of-Oklahoma
  o By mail – Attn: Grievances & Appeals, P.O. Box 26110, Santa Ana, CA 92799

If You Have Problems with Your Dental Plan
We hope our dental plan serves you well. If you have a problem, talk with your primary care dentist (PCD), visit us online at LIBERTY-Dental-Plan-of-Oklahoma, call Member Services at 888-700-1093, TTY 877-855-8039 or write to Attn: Grievances & Appeals, P.O. Box 26110, Santa Ana, CA 92799.

Most problems can be solved right away. If you have a problem with your dental plan, care, provider, or services, you can file a complaint with LIBERTY. This is called a grievance. Problems that are not solved right away over the phone and any grievance that comes in the mail will be handled according to our grievance procedures described below.
You can ask someone you trust (your authorized representative) to file the complaint for you. If you need our help because of a hearing or vision impairment, if you need translation services, or help filling out the forms, we can help you. We will not make things hard for you or take any action against you for filing a grievance.

**How to File a Grievance**

If you are unhappy with your dental plan, provider, care, or your dental services, you (or an authorized representative) can file a grievance (a formal complaint) with LIBERTY. You can file a grievance by phone or in writing at any time.

- **To file online** visit us at [LIBERTY-Dental-Plan-of-Oklahoma](http://LIBERTY-Dental-Plan-of-Oklahoma).
- **To file by phone**, call Member Services at 888-700-1093, TTY 877-855-8039 Monday through Friday 6AM to 6PM EST.
- **To file in writing**, you can write us with your grievance to Attn: Grievances & Appeals, P.O. Box 26110, Santa Ana, CA 92799.

**What Happens Next**

We will let you know in writing that we got your grievance within 10 days of receiving it. We will review your grievance and tell you how we resolved it in writing within 30 days from receiving your complaint.

**Your Care When You Change Dental Plans or Dentists**

If you join LIBERTY from another dental plan, we will ask you for the name of your previous plan, so we can add your health information, such as your dental records and prescheduled appointments, into our records.

If you choose to leave LIBERTY, we will share your health information with your new plan within 5 business days (or 30 days if the information is not electronic) of hearing from your new plan. You can finish receiving any services that have already been authorized by your previous dental plan or SoonerCare, even if the provider you are seeing is an out-of-network provider. Prior authorizations will be honored until the services are used or 90 days after your new plan benefits begin, whichever comes first. After that, we will help you find a provider in our network to get any additional services if you need them.

- In almost all cases, your dentists will be LIBERTY providers. There are some instances when you can still see another provider that you had before you joined LIBERTY. You can continue to see your dentist if:
  - At the time you join LIBERTY, you are receiving an ongoing course of treatment or have an ongoing special health condition. In that case, you can ask to keep your provider for up to 90 days.
- If your provider leaves LIBERTY, we will tell you in writing within 15 days from when we know about this. We will tell you how you can choose a new PCD or choose one for you if you do not make a choice within 30 days. If you are in the course of treatment with
a provider that is no longer with LIBERTY, you may request continuity of care services by contacting Member Services at 888-700-1093, TTY 877-855-8039.

If you have any questions, call Member Services at 888-700-1093, TTY 877-855-8039.

• You can also switch dental plans once every 12 months. This change happens through open enrollment.
• If you want to leave LIBERTY at any other time, you can do so only with a good reason (good cause). Some examples of good cause include:
  o You need related services to be performed at the same time, not all services are available within LIBERTY’s network and getting the services separately would put your health at risk.
  o You have a complex dental condition, and another dental plan can better meet your needs.
  o You have filed and won a grievance in a matter that would warrant disenrollment.
  o You were enrolled by mistake.
  o You need services not covered by LIBERTY for moral or religious reasons. For more
information on services not covered for moral or religious reasons, please see the next section.

- If you have a good cause reason to disenroll from LIBERTY, you can submit your request using the grievance process on page 30. We will review the request within 10 days from when you filed the grievance. If you are unhappy with the disenrollment decision, we will refer the request to the Oklahoma Health Care Authority for the final decision.
- American Indian/Alaska Native members may disenroll any time without cause.

You Could Become Ineligible for SoonerSelect Dental
You may have to leave LIBERTY if you:
- Are no longer eligible for Medicaid.
- Begin receiving Medicare.
- Transition to an eligibility group that does not participate in SoonerSelect dental.
- Become a juvenile in the justice system under state custody.
- Become an inmate of a public institution.
- Commit fraud or provide fraudulent information.
- Are ordered by a hearing officer or court.

You Can Ask You to Leave LIBERTY
You can also lose your LIBERTY membership if you:
- Abuse or harm plan members, providers, or staff.
- Were enrolled in error.
- Loaned your ID card to someone else to use.
- Do not fill out forms honestly or do not give true information. This is considered fraud.

Advance Directives
There may come a time when you become unable to manage your own health care and a family member or other person close to you is making decisions on your behalf. By planning now, you can arrange for your wishes to be carried out. An advance directive is a set of directions you give about the health care you would want if you ever lost the ability to make decisions for yourself. For example, some people do not want to be put on life-support machines if they go into a coma.

Making an advance directive is your choice. If you become unable to make your own decisions and you have no advance directive, your provider will consult with someone close to you about your care. Discussing your wishes for treatment with your family and friends now is strongly encouraged, as this will help to make sure that you get the level of treatment you want if you can no longer tell your health care providers what you want.
want. Your advance directives, no matter the type, should be given to your primary care provider and your care manager at LIBERTY.

Oklahoma has three ways for you to make a formal advance directive. These include living wills, health care power of attorney, and advance instructions for treatment.

**Living Will**

In Oklahoma, a living will is a legal document that tells others that you want to die a natural death if you:

- Become incurably sick with an irreversible condition that will result in your death within a short period of time.
- Are unconscious and your doctor determines that it is highly unlikely that you will regain consciousness; or
- Have advanced dementia or a similar condition which results in a substantial cognitive loss, and it is highly unlikely the condition will be reversed.

In a living will, you can direct your provider not to use certain life-prolonging treatments such as a breathing machine (called a “respirator” or “ventilator”), or to stop giving you food and water through a feeding tube.

A living will goes into effect only when your provider and one other doctor determine that you meet one of the conditions specified in the living will. Discussing your wishes with family, friends and your doctor now is strongly encouraged so that they can help make sure that you get the level of care you want at the end of your life.

**Health Care Power of Attorney**

A health care power of attorney is a legal document in which you can name one or more people as your health care agents to make medical and behavioral health decisions for you as you become unable to decide for yourself, for as long as you choose. You can always say what medical or behavioral health treatments you would want and not want. You should pick an adult you trust to be your health care agent. Discuss your wishes with the people you want as your agents before you put them in writing. Your designated power of attorney will be able to have access to your medical information and medical records, for as long as that person is so designated, up to your death.

Again, it is always helpful to discuss your wishes with your family, friends and your doctor. A health care power of attorney will go into effect when a doctor states in writing that you are not able to make or to communicate your health care choices. If, due to moral or religious beliefs, you do not want a doctor to make this determination, the law provides a process for a non-physician to do it.
Advance Instruction for Mental Health Treatment

An advance instruction for mental health treatment is a legal document that tells doctors and mental health providers what mental health treatments you would want and what treatments you would not want if you later became unable to decide for yourself. It can also be used to nominate a person to serve as guardian if guardianship proceedings are started. Your advance instruction for behavioral health treatment can be a separate document or combined with a health care power of attorney or a general power of attorney. An advance instruction for behavioral health may be followed by a doctor or behavioral health provider when your doctor or an eligible psychologist determines in writing that you are no longer able to make or communicate behavioral health decisions.

You can change your mind and these documents at any time. We can help you understand or get these documents. They do not change your right to quality health care benefits. The only purpose is to let others know what you want if you can’t speak for yourself. Talk to your patient-centered medical home (PCMH) or call Member Services at 888-700-1093, TTY 877-855-8039 if you have any questions about advance directives.

Fraud, Waste and Abuse

If you suspect that someone is committing Medicaid fraud, report it. Some examples of Medicaid fraud include, but are not limited to:

- An individual does not report all income or other health insurance when applying for Medicaid.
- An individual who does not get Medicaid uses a Medicaid member’s card with or without the member’s permission.
- A dentist or a clinic bill for services that were not provided or were not medically necessary.

You can report suspected fraud and abuse in any of the following ways:

- Call the Medicaid Fraud, Waste and Program Abuse Tip Line at 888-704-9833, TTY 877-855-8039.
- Call the U.S. Office of Inspector General’s Fraud Line at 1-800-447-8477.
